

Tomiwa Sobalaje

Date of birth:14/09/2000 | **Place of birth:**Osun, Nigeria | **Nationality:**Nigerian (Nigeria) |

Phone number:(+234) 8138807837 (Mobile) | **Email address:**sobalajetomiwa@gmail.com |

Address:No 7 glory estates Agege Lagos State, 100276, Agege, Nigeria (Home)

WORK EXPERIENCE

20/10/2024 – CURRENT Lagos, Nigeria
BANKEND DEVELOPER TECHCRUSH

- Professional Summary
- Skilled Backend Developer with 2 years of experience building and managing server-side applications using Node.js, Express, and MongoDB.
 - Proficient in designing RESTful APIs, implementing database schemas, and optimizing server performance for scalable applications.
 - Adept at problem-solving and delivering clean, maintainable code focusing on efficiency and security.

- Technical Skills
- Languages: JavaScript (ES6+), TypeScript
 - Frameworks: Express, Nest.js
 - Databases: MongoDB, Mongoose, MySQL (if relevant)
 - Tools & Platforms: Git, Postman, Redis, AWS (EC2, S3), CI/CD (e.g., Jenkins, GitHub Actions)
 - Others: Authentication (JWT, OAuth 2.0), Socket.IO, Cloud Deployment

- Professional Experience
- Designed and implemented RESTful APIs using Node.js and Express for [specific feature or application].
 - Developed database schemas and managed data storage operations using MongoDB, ensuring efficient data retrieval and minimal latency.
 - Integrated third-party APIs and services, streamlining data flow across applications.
 - Optimized server performance, reducing response times by [percentage or time].
 - Implemented authentication and authorization features using JWT and OAuth 2.0.
 - Collaborated with frontend teams to ensure seamless integration between client and server-side applications. - Wrote unit and integration tests to maintain 90%+ code coverage, improving reliability and robustness.

- Projects
- Question Bank Webpage
- Designed and developed the backend for a question bank webpage utilizing Node.js, Express, and MongoDB.
 - Built scalable APIs for managing user registration, question creation, and role-based access control. - Implemented secure authentication and error-handling mechanisms to enhance user experience.
 - Optimized database operations to ensure efficient question retrieval and high-performance queries

Certifications

Techcrush For African -

Additional Strengths

- Strong debugging skills and ability to identify performance bottlenecks in server-side applications. - Passion for staying updated with emerging backend technologies and best practices. 01/11/2023 – 14/10/2024 Ogun state, Nigeria

Actively promoted the United Nations Sustainable Development Goals (SDGs) through community engagement, education, and awareness campaigns.

Organized sensitization programs in schools and communities to educate youths on the importance of sustainable development, environmental conservation, gender equality, and quality education.

Collaborated with local leaders and organizations to implement community development projects aligned with specific SDGs.

Led initiatives that encouraged youth participation and volunteerism in local development.

Monitored and evaluated the impact of SDG-related outreach programs, ensuring alignment with national and global development priorities.

Produced detailed reports and presentations on project outcomes and recommended strategies for future engagement.

11/01/2017 – 13/09/2023 Oyo, Nigeria

LANGUAGE SKILLS

Mother tongue(s): YORUBA

Other language(s): English

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH		C2C2	C2	C2	C2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

- **Effective Communication:** Clearly articulate technical concepts to both technical experts and non-technical stakeholders, ensuring mutual understanding and alignment.
- **Collaborative Teamwork:** Work seamlessly with cross-functional teams, including designers, product managers, and engineers, to achieve project goals.
- **Strategic Problem-Solving:** Tackle complex technical challenges by analyzing issues thoroughly, identifying viable solutions, and implementing them effectively.
- **Adaptability and Growth:** Embrace new technologies, adjust to evolving project needs, and remain agile in dynamic environments.
- **Efficient Time Management:** Organize and prioritize tasks to meet deadlines while maintaining high-quality outcomes.
- **Critical and Logical Thinking:** Apply informed decision-making and logical reasoning to address challenges and optimize processes.
